User interface design, front end development (HTML & CSS)

Mockups for the responsive, cross-device conversion of the current website.

The image displays three device mockups illustrating the responsive design of the Flight Centre Travel website. The top row consists of a desktop browser window and a tablet, both showing the 'Find Flights' search interface. The search form includes fields for 'From' (Adelaide), 'Destination' (Adelaide), 'Departing' (dd/mm/yyyy), and 'Returning' (dd/mm/yyyy). Below the form, a table lists flight options from Sydney to various destinations like Melbourne, Gold Coast, Brisbane, Hobart, Canberra, Adelaide, and Cairns, with prices ranging from \$39\* to \$149\*. The bottom row shows a smartphone on the left and a larger tablet or desktop screen on the right. The desktop screen displays the homepage with a large 'Discover Red Label Fares' banner featuring a night cityscape background. The banner includes the text 'Ask us about The Captain's Red Label Fares with Price Drop Protection'. Other visible elements include the Flight Centre logo, navigation links for Home, Flights, Holiday Packages, Hotels, Rail, Tours, Cruises, Extras, Destinations, and Deals, and social media links for Facebook, Twitter, and YouTube.

Dave Brisbane, Aus Overall ★★★★☆ Atmosphere ★★★★☆ Service ★★★★☆ Value ★★★★☆  
Great location, proximity to Shimbashi Station on the Yamanote line (railway line that circles Tokyo CBD & inner suburbs), Tsukiji Market and Ginza. Small supermarket directly opposite. Staff very helpful and welcoming. Great upstairs bar to take in Tokyo nightscape.

## [ Phase New Media ]

User interface design, client account management  
Final design launched for the Highway Honda car dealership website

The original website features a top header with the Highway Honda logo and phone number (07) 3808 1111. Below this is a navigation bar with links for CONTACT, ABOUT, and CAREERS. A large image of a silver CR-Z hatchback is the central focus. To the left is a sidebar with links to HONDA SHOWROOM, CARS IN STOCK, SPECIAL OFFERS, FLEET, FINANCE & INSURANCE, SERVICE, and PARTS. Below the sidebar is a "Search Cars in Stock" section with filters for New, Demo, Used, Make, Model, Transmission, Colour, and a "Search" button. To the right is a "New & Demonstrator Specials" section showing two car models with their prices: \$39,790 for a Honda Accord Euro Luxury 4-door Manual Sedan MY13 and \$39,790 for a Drive Away option. At the bottom are customer reviews, a map, and a mailing list sign-up form.

The final designed website has a similar layout but with updated design elements. The top header includes the Highway Honda logo, Honda logo, and phone number (07) 3808 1111. The navigation bar now includes icons for CONTACT, ABOUT, and CAREERS. A sidebar on the left lists links to HONDA SHOWROOM, CARS IN STOCK, SPECIAL OFFERS, FLEET, FINANCE & INSURANCE, SERVICE, and PARTS. The main content area features a large image of a white Honda Civic Hatchback in motion. Below the image is a breadcrumb navigation: Home > New Honda > New Honda Civic Hatch. The product page for the Civic Hatch includes tabs for Colours & Range, Features, In Stock, and Current Specials. It shows variants (VTi-S, VTi-L, VTi-HN), a color palette (Alabaster Silver Metallic), key features (1.8 litre inline 4 cylinder SOHC i-VTEC, etc.), and a "What's next?" sidebar with links for No Obligation Enquiry, Download Brochure, Book a Test Drive, Finance & Insurance, Locate Us, and New Stock Search. There is also a "Share this" section with social media icons. The bottom of the page includes a customer testimonial, a map, and a mailing list sign-up form, which is identical to the original design.

**ABOUT US** - やどやゲストハウス | concept

YADOYA Guesthouse opened on April 1, 2002 and had space for just 6 guests. Now; with the help of our wonderful friends, volunteers and many of our guests, we now have facilities for up to 22 guests.

Our guesthouses are almost completely handmade thanks to volunteers, staff and guests. Almost everything has been done by hand; demolition, walls, flooring and painting.

We are not a large hostel, but we are very proud of what we have achieved and care about every one of our guests.

We welcome you all and hope that you enjoy your stay.
